

Grade 2 is a vital stage in a child's educational journey, where building upon foundational skills is essential. At Doamago, we offer thoughtfully designed learning tools that support children's cognitive growth. This course expands on key math concepts, including addition and subtraction, while introducing more advanced problem-solving techniques through interactive and engaging activities. Our structured approach ensures a fun and effective learning experience, helping students develop confidence and a deeper understanding of mathematics.

Benefits:

- 1. Builds Strong Math Foundations** – Teaches important math skills like addition, subtraction, and solving problems step by step.
- 2. Enhances Critical Thinking** – Helps students think logically and solve problems through fun and challenging activities.
- 3. Improves Writing Skills** – Practices writing numbers neatly and strengthens handwriting.
- 4. Boosts Confidence** – Makes students feel more sure of themselves and ready to tackle math on their own.
- 5. Prepares for Advanced Learning** – Gives students a strong start in math, helping them do well in future classes.
- 6. Encourages Problem-Solving Skills** – Teaches students how to understand and solve different kinds of math problems in the best way.

Course Name : Grade 2

Student Age : 7 years

Total number of Maths: 10,000 units

Catagory : Addition, Subtraction
Multiplication, Multi-Task
& many more.

Instruction

Students can complete one lesson per day, with a total of six lessons over six days. After completing the chapter, the next chapter will be unlocked after 7 days. Please ensure children do not attempt more than 1 lesson per day to maintain a healthy and effective learning pace.

Our team consists of 17 dedicated educators with over 20 years of teaching experience, passionate about helping Grade 2 students learn and grow. Our lessons are designed based on research on how children learn best, ensuring a strong and engaging educational foundation. We take pride in guiding students toward the right learning path, setting them up for a bright and successful future.

"If you are not satisfied within 30 days, we will gladly issue a full refund."
